Profile

As a Unity 2D/3D developer with 2 years of experience, I am skilled in creating immersive and engaging games using Unity. Here are some of my key strengths and achievements:

- **Expertise in Unity game development:** I have experience in both 2D and 3D game development, with a strong understanding of game mechanics, physics, and animation. I am proficient in scripting using C# and have developed several games with Unity.
- **Relevant education:** I hold a degree in Computer Science with a focus on game development. I have also completed several online courses and tutorials to stay up-to-date with the latest Unity features and best practices.
- **Personal projects:** In my free time, I enjoy working on personal projects to explore new game mechanics and technologies. I have developed several prototypes and small games that showcase my creativity and passion for game development.

Overall, I am a dedicated and passionate Unity developer with a strong portfolio of projects and a desire to continue learning and growing in the field.
